

Red Hearts Newsletter

Welcome!

It's so hard to believe that the entire first month of 2021 is already over! But it's a time of the year when we settle in under comfy blankets and hot cups of tea to immerse ourselves in a story that captures our imaginations. Enjoy the time spent lost in the stories you choose!

I wish you all an upcoming Happy Valentine's Day filled with hearts, roses, and a wonderful romance to read!

Women of Worthy Series...

A series of novels about single, divorced, and widowed women living in the small town of Worthy, Ohio, located about 50 miles southeast of Columbus, Ohio. Each woman must battle life's curveballs at the expense of their families, friends, and the men who adore them to fulfill their greatest desires and destinies. Their faith is tested in ways they hadn't imagined.

This series has become a labor of love for me! What's happening with the series right now?

Both Cassie's Secrets and Mia's Irishman are available on Amazon's Kindle, Kindle Unlimited, and paperback. And Kate's Quest will release on February 1, 2021!

I'm currently working on book #4 of the series and am in the planning stages. I can't say when the book will be ready to be released because it hasn't been written yet!

But, I will keep you posted as to what's going on with that book.

I'd like to hear from my readers! If you have read any of the books, which characters would you like to see in future books? Drop me a line at my email below and let's see if we can work together to create new books!

Mia's Irishman's Insider Information...

Brett Cooper

Brett Cooper is a supporting or orbital character in Mia's Irishman, but he's endearing and at times annoying to his distant cousin Sean McDermott.

His main goal in Mia's Irishman was to create a business that would keep him from having to work on his cousin's ranch. He needs an income,

but he doesn't have enough clients to move forward with his business and there's a lot of competition. When he begins that mission, he becomes embroiled in Sean and Mia's lives.

He also needs to get over his envy of his cousin's success because it's harmful to their relationship and he feels guilt over pushing two people he's envious of to hire him.

What's your take on Brett Cooper? Drop me a line at my email address below!

I've also set up a discussion group for anyone who would like to discuss any of the Women of Worthy books. Simply send me your email and I'll send you a link to the discussion group. It is NOT a FaceBook group as not everyone is on Facebook. So I decided to have an internet-based group that has nothing to do with Facebook to allow those who are not on Facebook to participate. I will also be available periodically to answer any questions you might have.

If you've read Mia's Irishman and would like to read Mia and Sean's future story, [click here](#).

And please, leave a review. Either on Amazon or Goodreads, or both if you feel particularly generous. It truly helps new authors like myself.

Another adventure from my blog

Lichtenstein Castle

The last adventure on my adventure page was the last castle we toured while living in Germany. It was the weekend we found out we had to vacate Germany within 30 days (another story for another time).

We decided we wanted to visit one last castle before the stress of moving began and we wouldn't have time to do much sightseeing.
